NEWS AND NOTICES

Coming Events & Items of Interest

Worship theme at the Paul the Apostle 27-6-10

We are frequently told that many of our fellow citizens see the Church as a bygone form of life. If this is the case then it seems to me that we ought to think about what it is vital to preserve. In answering this question we should turn to the biblical witness and the Christian tradition. What we discern in the letters of St Paul, and in the Gospels, is the statement that Jesus means freedom. We shall reflect on the nature and content of Jesus as freedom as we worship today.

The Visitor's Book!

I have come and gone through the front door of the office many times and I've glanced at this open book sitting there on the small table in reception. I must look at that sometime I would think to myself.

Today I'm so pleased I took the time to read the book and comments of people in our community who have found themselves in need of our support and expertise

These are a few who shared their gratitude:

There was a thank you for help with securing Housing

"Thank God for you people filling the gaps!"

"The help provided is very effective it means my family can shop for food when all the bills arrive at once. I'm a single mother with 2 children"

"I find it humiliating and embarrassing to seek assistance, but appreciate that you treat me with dignity & understanding. THANK YOU!"

I thought WOW! Well done Elaine and all involved with the Welfare program.

That is our expertise; we treat people with Dignity and Understanding. Our Welfare program is not just about giving money or food, it is so much more than that.

It's about meeting people where they are at, listening to their stories and its showing people we care about what is happening in their lives.

Our expertise is in providing advocacy for people who find themselves in difficult circumstances.

We help people to navigate through complex problems. We help people to communicate with service providers and Government agencies when they find it too complex to do so themselves.

Through our support we empower people to help themselves by providing information and referrals to appropriate community programs & services.

Because of our expertise and care we are able to facilitate people to participate in society with dignity.

This is the **heartbeat** of the Welfare Program.

Sandy
